

#### ENGLISH

- 1 Prepare your face with foundation cream and fixed with loose powder. Drawing eyebrows enhancing gull-wing shape, lifelike style, thus becoming a dominant graphic makeup. Using a pencil eyebrows NUT, starting eye shadow DARK BROWN and TAUPE. I apply the eye pencil BLACK on the upper lash creating a line eyeliner slightly tilted outwards. Fixed the pencil with eyeshadow BLACK.
- 2 I apply the cream in the bottom of the arch WHITE eyelid in the corner of the eyebrow. Will get a particularly bright.
- 3 The lipid component of the fund in cream will allow me to join the iridescent glitter flakes.
- 4 Extend the eyelid with eyeshadow schiarendola WHITE and darken the eyelid crease with pencil and eyeshadow EARTH TAUPE. I apply the mascara and start new growth of natural lashes with false eyelashes white and individual tufts of varying lengths.
- 5 I outline below the lash with pencil set with eyeshadow BLACK BLACK. Apply false eyelashes entire lower. I finish the ciliary rhythm with cate eyeliner BLACK.
- 6 Drawing the mouth with a pencil NATURAL, spreading on all lips and blending with the past brush.
- 7 I spread the gloss RED-LIGHT on the lips and apply the glitter PASTEL PINK, a product with a special iridescent effect from magenta to purple. I apply the blush on her cheeks MAGENTA.
- 8 Gather your hair into a queue with the apex towards the frontal hairline, decanted to the right. The hair must be very compact all over the head, set with gel and hairspray.
- 9 I separate the tail into two sections and add on textures of natural hair, wrapping around the locks and fixing them with locking clamps. Will be obtaining in this way the length and amount of hair necessary for the realization of the bun.
- 10 Gather the strands obtained with the retina invisible and the modal interweaving them until obtaining a circular shape that falls on the forehead.
- 11 Complete the hair, securing it with hairpins.
